

DISPERSAL AUCTION

— 40 HEAD —

DOUBLE-REGISTERED DUAL-PURPOSE

SHORTHORNS

SATURDAY, APRIL 5, 1975

1:00 P.M. CDT

At the Farm Adjoining the Village of

WAVERLY, MINN.

35 Miles West of Minneapolis on Federal Highway 12

PROPERTY OF

GRAHAM LAND & LIVESTOCK CO.

Tel. 612/658-4515

WAVERLY, MINNESOTA 55390

SINCE CATALOG PRESS TIME

GREAT WHITE HOPE and MISS SPRINGFIELD 3d were both Grand Champion at the Houston Livestock Show and Rodeo, and the Get of COLUMBUS won six of the seven group classes.

* * * * *

AMAZING WEIGHTS

On Mar. 4, 1975, the 1974 calves in the auction were weighed with the following results:

| <u>Lot</u> | <u>Name</u> | <u>Adj. 205 da. wt.</u> |
|------------|---------------------------|-------------------------|
| 8 | Led Zeppelin | 670* |
| 12 | Mr. Minot | 757 |
| 16 | Albo | 805 |
| 18 | Great Expectations | 616** |
| 25 | Tea for the Tillerman | 711 |
| 37 | County Seat | <u>659*</u> |
| | Average for bull calves | 703 lbs. |
| 7 | Alexandra | 639 |
| 10 | Miss Springfield 4th | 632 |
| 31 | Panama Helen K | <u>439**</u> |
| | Average for heifer calves | 570 lbs. |

* Nursed two on one cow.

** Hand fed - no nurse cow.

* * * * *

Note: Grant Conover, 402 So. Franklin, Ames, Iowa, 50010 - Home Tel. 515-292-2554, will represent Drovers Journal in place of Perry Jaske.

FOREWORD

The great Model Type Committee for any pure breed of livestock is made up of the farmers and ranchers who turn in your driveway to buy a herd sire or other breeding stock. Except for those raising peacocks and pouter pigeons, there is no other reason for the existence of the purebred livestock industry except the development of seedstock superior for the commercial production of meat or milk. You furnish the everyday grower the type he wants or he goes somewhere else to find it.

It is no secret that, as of a decade and a half ago in America, the established English beef breeds had refined their type down to the point where profitability was seriously questioned by commercial cattlemen. Onstage came the Exotics from Southern Europe — huge animals of doubtful quality that had simply been developed for the triple purposes of meat, milk and draft power — and the conventional old breeds had real competition right then and there.

We actively supported the Double-Registry of Milking Shorthorns in the American Shorthorn Association, in the belief that the crossing would give Beef Shorthorns alone among the standard beef breeds an opportunity to quickly modernize their type, meet the thrust of the Exotics, and still remain a pure breed of cattle. While we thought our Dual-Purpose cattle principally valuable for crossing, we were pleasantly surprised to see how well they stood in the 1974-75 Beef Division shows, winning more total championships than any other herd, Beef or Dual-Purpose.

The entire show herd is included in the auction along with the herd bulls and brood cows that produced them. Certain of our cattle might be considered too extreme by some beef breeders, but we point out that these could be the most effective in contributing length and growthiness to the older beef modes.

We cordially invite everyone concerned with Shorthorns to attend the auction whether interested in buying or not.

GRAHAM LAND & LIVESTOCK CO.

AUCTION PERSONNEL

Merrill Anderson, Broadlands, Ill. 61816 — Tel. 217-834-3071, Auctioneer.

Albert J. Hamann, Rock Rapids, Iowa 51246 — Tel. 712-472-3676, Ringman.

Stuart Wilson, representing Shorthorn World, Brandon, S. Dak. 57005
Tel. 605-582-6013.

Perry Jaske, representing Drover's Journal, home address 4007 East 24th Court,
Des Moines, Iowa 50317 — Tel. 515-265-8084.

Sherman Berg, American Shorthorn Assn., 8288 Hascall St., Omaha, Nebr.
Tel. 402-393-7200.

Harry Clampitt, American Milking Shorthorn Society, 313 South Glenstone,
Springfield, Mo. 65802 — Tel. 417-862-6661.

GENERAL INFORMATION

LOCATION — Auction will be held under cover at the farm, 1 block South of Fed. Hwy. 12 in the Village of Waverly. Parties from the South and East had best skirt the Twin Cities on Interstate Hwy. 494 to a point where it intersects Fed. Hwy. 12 on the West side of Minneapolis; thence West 35 miles to Waverly. Parties from the West and North may pick up Fed. Hwy. 12 anywhere West of Waverly.

TIME — Cattle will sell at 1:00 p.m., CDT, Saturday, April 5, 1975. Equipment mentioned elsewhere will be sold at 12:30 p.m.

TERMS — Cash at the conclusion of the sale. Checks are acceptable. Absentee bidders may send remittance when advised the amount of their purchases.

BREEDING GUARANTEE — Cattle warranted breeders under standard guarantee of the American Shorthorn Assn. and the American Milking Shorthorn Society. All females bred over 40 days will be pregnancy checked to verify breeding dates given.

HEALTH CERTIFICATES — Herd Fed. Acc. for TB and Bangs and will be tested for Blue Tongue and Anaplasmosis, to qualify animals for entry into any U.S. State and Canada. Herd veterinarian will be present to issue individual Health Certificates immediately after the sale.

CARE AFTER AUCTION — Animals will be at buyer's risk as soon as sold but will be cared for in the customary manner without charge for any reasonable time.

ABSENTEE BIDS — Persons who are unable to attend are welcome to send sealed mail bidding instructions to any of the Auction Personnel, c/o Graham Land & Livestock Co., Waverly, Minn. 55390. Telephone bids up to the opening of the auction should be directed to them, person to person, at 612-658-4515.

ACCOMMODATIONS — Overnight facilities in the Waverly area and between Waverly and the Twin Cities are limited. For those from the South and East, a block of rooms is being held at the Howard Johnson Motel on Interstate 494 at Hwy. 100 in the SW corner of Minneapolis; Tel. 612-835-7400 to confirm reservations. For those from the North and West, there is a large Holiday Inn, Tel. 612-235-6060, directly on Fed. Hwy. 12 on the East side of Willmar, 50 mi. West of Waverly.

NOTE: Stuart Wilson of the Shorthorn World, Merrill Anderson, Auctioneer, Albert J. Hamann and Harry Clampitt will be at the Howard Johnson Motel in Minneapolis, mentioned above, Tel. 612-835-7400, Friday night, April 4, before the auction.

NATIONAL POLLED CONGRESS SHOW & SALE

SUNDAY AND MONDAY, APRIL 6 AND 7, 1975

at Fargo, No. Dak., an easy 4-hour drive from the auction at Waverly

SEMEN SALES

Since the institution of the Double-Registry process by the American Shorthorn Assn. and the American Milking Shorthorn Society, we have offered semen from our chief stock bulls on a registered basis. We have been more than pleased with the recognition given our type of cattle by the widespread use of semen from these bulls. Breeders from 32 States and Canada have purchased semen since the Double-Registry was authorized, up to the time of writing this catalog.

COLUMBUS

Sales to 19 States and 2 Provinces of Canada.

SPIRO

Sales to 20 States and 1 province of Canada.

CLARK

Sales to 22 States and 2 Provinces of Canada.

DOUBLE-REGISTRY

All cattle in the auction are registered in both the American Shorthorn Assn. and the American Milking Shorthorn Society, except Lots 33, 34 and 35 which are registered in the ASA and the Canadian National Livestock Records, and Lots 36 and 37, which are registered only in the American Milking Shorthorn Society. The registry certificates will be transferred at the seller's expense in the Assn. of the buyer's choice.

EQUIPMENT

Will be sold at 12:30 p.m., just before auction of the cattle.

1971 Ford F800 Truck-tractor with sleeper cab, 2 spd. axle, full air system, and Durobilt 40 ft. drop-frame semi-trailer with tandem dual air-suspension axles, 15 in. wheels. This outfit built especially for transporting show cattle. 30 ft. cattle space; 10 ft. baggage space over gooseneck. 30,000 miles.

1963 Ford F600 straight truck; sleeper cab, 18 ft. roofed body; baggage over cab; double hoist; newly rebuilt motor.

Ranger cattle squeeze chute on 2-wheel rubber.

New blocking chute. 2 new electric blowers. Elec. clippers, blocker, plastic feed pans and pails, and many other items of show equipt.

Gr. Ch. Dual Purpose Int. Livestock Show, 1967 & 1968. Also Gr. Ch. Eastern States Exp., All-American Dairy Show, Iowa and Minnesota State Fairs.

REFERENCE SIRE A

SCOTTSHILL MAJOR CLARK x3536-807M (P309349) Polled

Guckian's Venus 3d
Roan, Jasper S. Tahash]

CLARK x — Is a BIG bull in any breed. He has weighed 3,035 lbs. and stands nearly 6 ft. at the withers. On exhibition at the 1973 National Western in Denver, he dwarfed the largest bulls the Exotic breeds had to display. Widely used via artificial insemination in the U.S. and Canada, he is siring an advanced type of beef animal. His first bull calf sold topped the 1974 Ohio National Sale at \$2,550 and his first heifer calf, the same event at \$1,550. Another son was 1st Spring Bull Calf at Denver and 2nd at Ft. Worth in 1975. Another daughter was first at Ft. Worth and the Dixie National

CLARK is not included in the auction because he is presently under lease to the Minnesota Valley Breeders Assn., New Prague, Minn., at the conclusion of which he will be for sale at private treaty.

1st Aged Bull, Beef Div., Iowa State Fair, 1974; Gr. Ch. Dual-Purpose, Minn., S. Dak., N. Dak., Mid-America, Kans. State, Okla. State & Texas.

COLUMBUS x — Is possibly the most valuable Shorthorn bull in America today. He sires a striking type of modern beef calf on whatever kind of cow he is used. In 1973, 1974 or 1975, his sons and daughters have been champions in the Beef Div. at the International, American Royal, National Western, North American (Louisville), Southwestern (Ft. Worth), Dixie National, Illinois, Iowa, Minn., So. Dak., No. Dak., Red River Valley (Fargo), Mid-America (Topeka), Kansas State, Okla. State and Tulsa. He is the only Shorthorn bull ever to sire All-Americans in both the Beef and Dual-Purpose divisions of the breed. In 1974-75 his Jr. Gets of Sire won 10 blue ribbons in Beef and 5 in Dual- Purpose at major shows.

His 1973 bull calves had an average 205-day adjusted weight of 600 lbs., and bull and heifer calves taken together, 560 lbs.; several of these raised by hand feeding, without nursing mothers. Weights supervised by Wright Co., Minn. Extension Agent.

2nd Aged Cow, Beef Div., Iowa State Fair, 1974. More than 20 times Gr. Ch. Dual Purpose Cow at State and National Shows from Coast to Coast. Reserve All-American Aged Cow, 1972-1974.

LOT 2

COW

GUCKIAN'S BETSY PET DAWN 3536-808M (317797) Twin

Tattoo RE 238

Grassy Lane Merry Queen
Roan, Grassy Lane Farm
Cl. Very Good

GUCKIAN'S BETSY PET DAWN — Is unquestionably one of the great show and breeding cows among all breeds. The only instances where she has been defeated in the Milking shows, she was criticized for being "too short of leg," which should be a "good fault" from the beef breeder's viewpoint. Dawn is the dam of Columbus, Lot 1; Sunrise, Lot 5; and Sugar Magnolia, Lot 3.

In 1973-74 Dawn nursed 2 calves to a combined adjusted 205-day weight of 1,125 lbs.!

Dawn is bred to Spiro to calve in October.

In Beef Div., as a Sr. Calf, in 1975, Gr. Ch., Ft. Worth. In 1974, Res. Gr. Ch., Iowa, Red River Valley (Fargo), and No. Dak.; Calf Ch. or Res. International, Minn., So. Dak., Mid-America, Kans. State, Okla. State, and Tulsa.

RLW, Grassy Lane Farm
10 lact. ave. 11,712 lbs.

LED ZEPPELIN — We had the misfortune to lose "Fawn" from brain hemorrhage a week after Led Zeppelin was born. Consequently, he is raised on milk replacer and does not have the baby fat of a nursing calf. However, he is a rugged, straight individual that has done well under the circumstances. He is what so many farmers ask for: "a solid red, polled Shorthorn bull," and he has the imperial lineage to make someone a great herd sire.

Thornwood Royal Teri, pictured as a Dual-Purpose Jr. Yrlg. in 1970, when she was Jr. Ch. at Ill., Iowa, Minn., So. Dak., National Dairy Congress, World Dairy Show, and North American.

MISS SPRINGFIELD 3d — Little can be added to the approval of the 14 experts who judged this great heifer on the 1974-75 show circuit. She embodies everything the Exotic advocates say we should have: tremendous growth (the 3d had highest official weight per day of age at Louisville), deep, smooth fleshing without wasteful fat, and soundness of frame, bone and leg. The buyer who acquires her with a calf by Great White Hope will place himself 10 years ahead in the breeding of futuristic Shorthorns. Bred to Great White Hope in February, 1975. Official 205-day wt. 520 lbs.

GREAT WHITE HOPE x — Has been the focus of all eyes — Shorthorn, Hereford, Angus and Exotics — during the 1974-75 show season. No animal meets unanimous approval, but the big majority feel that Hope is the one bull best qualified to turn the Shorthorn breed around and place it in the front ranks of modern beef type. He has size, length, height, and clean muscling without a trace of gobby fat. Raised on limited milk, it was only late in the season that he began to show his true fleshing ability. Properly fitted as a Senior Yearling in 1975, he should be something to see. His new owner will have a stock bull unique in purebred livestock history.

Without nursing his dam, GREAT WHITE HOPE, had an official adj. 205-day weight of 600 lbs.

Clayside Cindy 2d, National Grand Champion Cow, 1971. Classified Excellent 91.2. First 5 Lact. Ave. 11,766-451 lbs. A proven top cow in the only 3 important areas of measurement: Type, Production & Progeny.

GREAT EXPECTATIONS — Probably the most effective comment that could be made about GREAT EXPECTATIONS is that he is a full brother to Great White Hope. If anything, he is a deeper-bodied individual at the same age.

These two bulls come honestly by their quality as they have for their dam and granddam what we believe are two of the best cows any breed has known: Clayside Cindy 2d, pictured above and Guckian's Betsy Pet Dawn, see Lot 2 in catalog. Both of these cows have deep bodies even among straight beef cattle, very smooth shoulders, long, level rumps and properly shaped udders. A whole herd of beef cows exactly like them would be a prized possession and that is what may be expected from the progeny of Great White Hope and Great Expectation.

SPIRO x — Is especially noteworthy for unusual development of muscle in the loin and round. He was scanogram measured at Denver in January, 1973 as having a 19.4 sq. in. rib eye, reported to be the largest loin area recorded on a bull of his age (Sr. Yrlg.) up to that time. Breeders from 20 States and Canada have expressed their approval of this bull by purchasing \$6,900 worth of semen from him the past 2 years. Reports from those who have his calves are most enthusiastic. His son and daughter in this sale, Lots 12 and 7, are his best endorsement.

TOMAHAWK FAIR DUCHESS x — "Old Tomahawk" is a heavy cow on medium height of leg. While good enough to win second at the International as a heifer, her best accomplishment is as a truly prolific breeding cow. At 11½ years of age, she dropped her 10th calf, "1984." Two of her older daughters were both Jr. Ch. Dual-Purpose at the International, and her two younger daughters, the Cleopatras, have won 28 Champions in the Beef Division at major shows in 1973 and 1974. No other Shorthorn cow has ever performed a similar feat.

May be rebred to Columbus by sale date. If not, will include ½ cane Columbus semen with the cow.

"1984" — A polled full brother to the Cleopatras, is where this bull will put his fortunate buyer in the business of breeding modern Beef Shorthorns. Owners, managers, and herdsmen of every beef bred — all have admired the Cleopatras wherever they have been shown the past two years as being the ultimate in modern meat type. Their full brother should be invaluable as a herd sire for the years ahead.

Cleopatra. In Beef Div., in 1973 as Sr. Calf, Gr. Ch. Minn., So. Dak., Kans., and Tulsa. Res. Gr. Ch. Iowa and Natl. Western. Calf Ch. American Royal and Mid-America. In 1974 as Sr. Yrlg. Gr. Ch. CLEOPATRA'S show record speaks for itself. She weighed 980 lbs. officially the day she was 12 months old at Tulsa State Fair, 1973, immediately after winning Grand Champion there. Although carried on the lightest feed for the next year to avoid excess condition, she weighed 1,460 lbs. at the North American in Louisville, 1974, at less than 26 months. If placed in heavy flesh, she is easily a ton cow. Early maturity, great size, approved type — what can the Exotics offer to beat that?

When Cleopatra became the first dual-purpose animal to be Double-Registered under the new ASA program in August, 1973, she brought a unique dimension to the Beef Shorthorn industry. Her calf by International Grand Champion Champagne should be most interesting.

Bred June 27 to Melbros Stronghold, "Champagne," 1973 International Grand Champion.

Cleopatra 2d. In Beef Div., as Jr. Calf in 1974, Res. Gr. Ch. Minn. and So. Dak.; Calf Ch., Ill., Mid-America and Minn State Show; Res. Calf Ch. Iowa, Kans., Okla., Tulsa, Louisville, Ft. Worth, & Dixie National.

Valley View Trixie Lily - RP
White, W. C. Crawley

PRINCESS ELVA 6th x — Is a type that one would ordinarily consider ideal for crossing with very thick Beef bulls. However, a prominent Shorthorn judge thought enough of her beef conformation to make her 1st in a strong class at the 1973 International; likewise, a Hereford judge at the Iowa State Fair in 1974. These beef winnings after a virtually undefeated season in the Dual-Purpose section. With her whole life ahead of her, it is difficult to estimate her worth as a breeding cow in any good Shorthorn herd.

May be rebred by sale day but, if not, will include ½ cane of semen from any of our herd bulls.

PANAMA RED — Frequently in 1974, Panama Red had to dash from the Milking Shorthorn ring, where he lost only once in ten shows, to the Beef Shorthorn arena, where he compiled a record, including Jr. Ch. International that most straight Beef bulls would envy. One progressive Beef Shorthorn judge esteemed him sufficiently to make him Gr. Ch. at Tulsa over his excellent half-brother, Great White Hope. Until late in the season, he was held down in flesh for showing as a Milking Shorthorn. He is big and he is long and he is straight. Put the corn-crib cross on him and he could be the top show bull of 1975. For the breeder who wants to modernize his cattle in one great leap forward, his work as a herd sire is incalculable.

Winnipeg x — Res. Jr. & Gr. Ch. Red River Valley, Fargo, 1974. 2nd at Iowa, Oklahoma and No. Dakota.

Roan, L. W. Thieman
Ettrick Connie Broadhooks
Roan, N. D. Hogg

MEDORA x — Was Junior Champion at the Red River Valley Fair, Fargo, No. Dak. in 1974. She carries the deep fleshing of her sire, the \$10,000 Canadian "Massive Major." Her dam was one of the biggest, most rugged breeding cows in the Rothbury herd. Bred to Great White Hope to calve September 10. This will be his first calf.

NOTE: Regina and Medora are recorded in the American Shorthorn Assn. and in the Canadian National Livestock Records and can be transferred to the buyer in either. However, although about one-fourth Dual-Purpose breeding, they and their calves are not eligible for recording in the American Milking Shorthorn Society.

Sierra Vista Olivia Rose — All-American Dual-Purpose 4-year-old, 1972. Gr. Ch. or Res. No. Dak., Minn., Kans., Tulsa and Texas.

LOT 36

COW

SIERRA VISTA OLIVIA ROSE 343471

Tattoo RE 6902

Red. Calved January 15, 1969. Bred by Mary Anderson, Crow's Landing, Calif. Owned by Graham Land & Livestock Co., Waverly, Minn.

SIRE:

Clayside Bryan K
Red, Elmer Von Tungeln

Kaiwarebou Duke
Roan, D. K. Buchanan
8 daus. av. 11,410-422 lbs.
Clayside Bonnie
RLW, Elmer Von Tungeln

DAM:

Cherokee Ginger Ann Rose
RWM, Elmer S. Anderson, Jr.

Innisfail Hardy 50th
RLW, John Stuart Rowe
Cherokee Easter
Roan, Elmer S. Anderson

SIERRA VISTA OLIVIA ROSE — Has the great length, depth, size and smoothness that all breeds, beef and dairy, are striving for. She has a tremendous bull calf by Columbus and should have an even better one by Spiro. Rebred to Spiro to calve September 19.

NOTE: Olivia is recorded in the American Milking Shorthorn Society alone. She carries one cross of New Zealand (not Illawara) breeding and is eligible for entry only in the Appendix of the American Shorthorn Assn.

LOT 37

BULL

COUNTY SEAT (Polled)

Tattoo LE 691

Dk. Roan. Calved September 25, 1974. Bred and owned by Graham Land & Livestock Co., Waverly, Minn.

Cl. Very Good
Wt. 1,960 lbs.
RM 16,280-620 lbs.
5 lact. av. 13,120 lbs.

Mr. Constellation
Red, Kline Bros.
Valleyview Silver
White, Mrs. Ed. Dawes

THORNWOOD ROYAL DOT x — Is the "mother cow" of the herd, the dam of the Royal Teris and the granddam of the Miss Springfields. She weighed 1,410 when pictured above as a Sr. Yrlg. in Chicago and actually weighed 2,020 lbs. just before calving three years ago. She has more depth and substance than the great majority of beef cows and a strong milking inheritance to boot. Dot is not in physical condition to sell and will not be sold. We list her only to illustrate her young calf below.

LOT 39

ABRAHAM (Polled)

BULL

Tattoo LE 695

Red. Calved February 20, 1975. Bred and owned by Graham Land & Livestock Co., Waverly, Minn.

DAM:

Thornwood Royal Dot (Polled)
Roan, Graham Land & Livestock Co. See Lot 38 above

Adam (Polled)
R&W, C. Forgey & Sons
Valleyview Dot
Roan, Mrs. Ed. Dawes
Wt. 1,960 lbs.
RM 16,280-620 lbs.

ABRAHAM — Is born just as the catalog goes to press, a strapping big calf that represents all that is best in Dual-Purpose Shorthorns; a great herd bull prospect for the breeder who believes that milk makes meat and that meat is what Shorthorns are all about. Abraham is a $\frac{3}{4}$ brother to Thornwood Royal Major which had a 205-day weight of 830 lbs. and which was selected by Dr. Harlan Ritchie for his cross-breeding experiment at Michigan State College because of his growthiness and extremely heavy muscling. This calf will be sold to be kept by us until four months old.
